RomWBW Distribution File Catalog

This document is a reference to the files found on the disk media distributed with RomWBW. Specifically, RomWBW provides a set of floppy and hard disk images in the Binary directory of the distribution. The contents of these images is listed here.

The files on the disk images were sourced from a variety of locations. The primary sources of these files are listed below. Note that the primary documentation for each of these sources is listed. You are strongly encouraged to refer to this documentation for more information on using the applications and files listed.

1.1   Sources

- **RomWBW**: RomWBW Custom Applications

  Documentation: RomWBW Applications.pdf*

  These files are custom applications built exclusively to enhance the functionality of RomWBW. In some cases they are built from scratch

while others are customized versions of well known CP/M tools.

- **CPM22**: Digital Research CP/M-80 2.2 Distribution Files

  Documentation: CPM Manual.pdf

  These files are from the official Digital Research distribution of CP/M 2.2. Applications have been patched according to the DRI patch list.

- **ZSDOS**: ZSDOS 1.1 Disk Operating System Distribution Files

  Documentation: *ZSDOS Manual.pdf*

  These files are from the official ZSDOS 1.1 distribution. Some of the files are redistributions of applications from other sources.

- **ZCPR**: ZCPR 1.0 Command Processor Distribution Files

  Documentation: *ZCPR Manual.pdf*

  These files are from the ZCPR 1.0 distribution.

- **NZCOM**: NZCOM Automatic Z-System Distribution Files

  Documentation: *NZCOM Users Manual.pdf*

  These files are from the last official release of NZCOM.

- **CPM3**: Digital Research CP/M 3 Distribution Files

  Documentation: *CPM3 Users Guide.pdf*, *CPM3 System Guide.pdf*, *CPM3 Programmers Guide.pdf*, *CPM3 Command Summary.pdf*

  These files are from the official Digital Research distribution of CP/M 3. Applications have been patched according to the DRI patch list.

- **ZPM3**: Digital Research CP/M-80 2.2 Distribution Files

  Documentation: *CPM Manual.pdf*

  These files are from Simeon Cran's ZPM3 operating system distribution.
